EXPERIENCE

Associate, Product Development

Enquire AI

11/2022 - Present

Received one-year promotion in 7 months. Conceptualizing and testing critical features. Creating better integrations and software. Authoring product documentation, which was non-existent until recently.

FDI & International Trade Operator

Freelance

02/2021 - 01/2023

Established new channels for business in foreign direct investments and commodities, forestry and FMCG trade. Generated up to \$12m/yr international trade contracts. Key components: market due diligence, product space analysis, state subsidies advisory, lead generation and account management.

Junior Associate, Platform Data & AI

Enquire AI

04/2022 - 10/2022

Actively monitored product performance. Laid out data groundwork for the new product: Lumina, which attracted flow of investment and contracts. Provided key insights and helped establish AI bots for ensuring robustness of the marketplace, speed and uptime.

Data & Platform Analyst

Enquire AI

09/2021 - 03/2022

Was a member of team growing a large global network of subject-matter experts by 54% in a year. Automated recruitment campaigns, oversaw consulting services, analyzed platform activity to boost profitability and new features.

Cyber Security Researcher & Data Entry Lead

Krypton.Moscow

11/2019 - 06/2021

Took part in investigations and reported on more than 10,000 data breach incidents. Participated in establishment of AI systems for real-time cyber threat detection in dark web, which was subsequently sold to a government body.

SUMMARY

Creating the products that find greatest minds worldwide of your chosen subject, in real-time. I am proficient at product development processes and business intelligence. I possess comprehensive expertise in international trade, diplomacy, economic and financial due diligence.
